PROFESSIONAL SUMMARY

Entry-level cybersecurity professional with a strong foundation in network security, cyber awareness, and identity and access management (IAM). Gained hands-on exposure through virtual internships and job simulations involving security documentation, risk analysis, and secure operational practices. Familiar with core networking concepts such as TCP/IP, DNS, access control, and wireless security.

KEY SKILLS

- **Operating Systems:** Windows, Linux (Kali Linux – basic)
- **Programming & Databases:** Python (basic), SQL (fundamentals), DBMS concepts
- **Networking Protocols:** TCP/IP, DNS, LAN, DHCP, HTTP/HTTPS
- **Cybersecurity & SOC Fundamentals:** Cyber threat awareness, incident analysis basics, IAM fundamentals, risk assessment, security best practices
- **Network Security:** Wireless security (WPA2), MAC address filtering, access control, firewall basics
- **Tools & Labs:** Cisco Packet Tracer, secure network configuration, network troubleshooting
- **Others :** Security documentation, Git

WORK EXPERIENCE

Cybersecurity Intern | [NIIT Foundation](#)

June 2025 - July 2025

- Learned cyber awareness, threat identification, and digital safety practices
- Created structured cybersecurity reports and presentations
- Understood basic security policies, risk management, and secure behavior

Python Development Intern | [Cod Soft](#)

July 2025 - Aug 2025

- Demonstrated adaptability and willingness to learn new tools and processes
- Improved analytical thinking and structured problem-solving

PROJECTS

Secure Wireless Network Configuration – [Cisco Packet Tracer](#)

- Implemented Designed a secure wireless network to prevent unauthorized Wi-Fi access in a simulated enterprise environment
- WPA2 encryption, static IP configuration, and secure SSID settings
- Configured MAC address filtering to restrict access to authorized devices only
- Hardened router administrative access using strong authentication credentials
- Tested network connectivity and security controls to ensure secure communication

EXTRA CURRICULAR

Virtual Job Simulations

- Cybersecurity Analyst Job Simulations – [Forge \(TCS\)](#) July 2025
- Cyber Job Simulation – [Forge \(Deloitte\)](#) July 2025

Cybersecurity Workshops & Webinars

- Ethical Hacking & Penetration Testing Workshop – [CYBER DEFENTECH](#)

Practical Security Projects & Network Labs

- Secure Wireless Network Configuration – [Cisco Packet Tracer](#)

ACHIEVEMENTS

- Successfully completed the **Gen AI Foundation Certificate** with **Grade A** from **up Grad Education (NSDC & Skill India affiliated)**, demonstrating foundational knowledge of artificial intelligence concepts.
- Secured **3rd Position** in **Numerical Quest Competition** during **BCA (III Semester)**, organized by the Department of Computer Applications, **Greater Noida Institute of Management**.
